

Lightweight, versatile chain hoists offering excellent performance for such compact machines.

These professional jobbing hoists are a 'must have' for all service vans.

Ideal for Civil Contractors, Builders and Factory Service Engineers.

Portable, saves time and effort - and a major contribution to maintaining Health and Safety standards on site.

OPTIONS

- **Chains are sold separately**
Lengths supplied to suit requirements and fall
- **Chain bags**
Sizes available according to chain length required
- **Pendant control extensions**
10m plug in extension for flexible safe control

LD 'JOBBER' SERIES DELTA CHAIN HOIST

Light Duty Suspended Chain Hoists

500kg - 1000kg

DU-901 (500kg), DU-902 (1000kg)

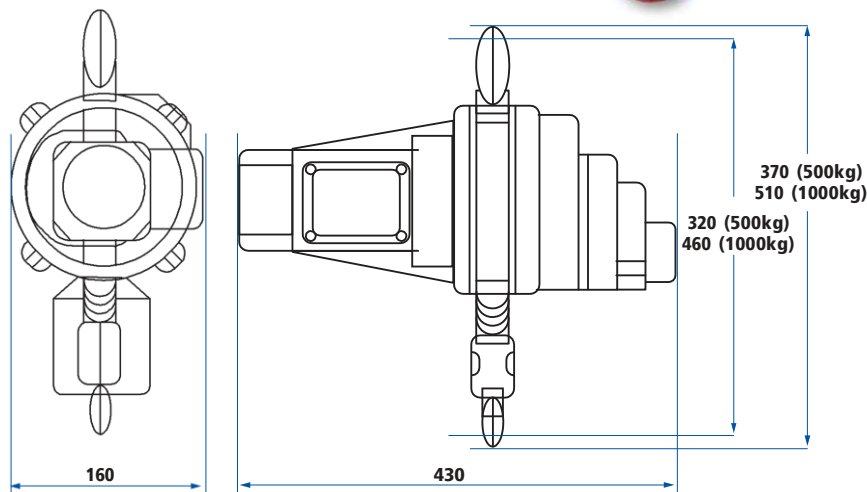

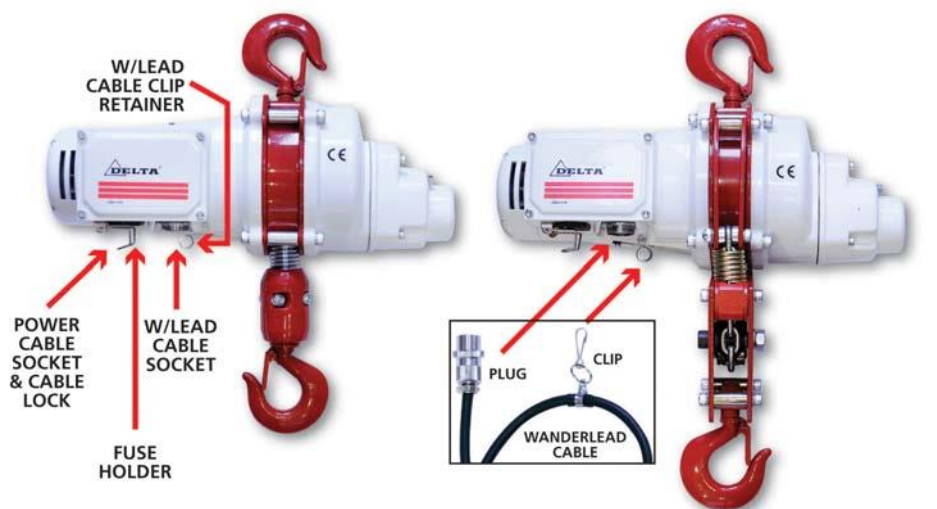

Available as 110V or 240V, 1-phase AC

FEATURES INCLUDE

- **Available in either 110V or 240V x 1ph options**
In the case of 110V version - via transformer
- **Lightweight and compact design**
Easy installation, ideal for moving between different locations
- **Safety slipping clutch**
Prevents hook becoming trapped into the hoist in the 'up' direction
- **Supplied with chain bag**
For safe storage of chain - please ask about relevant capacities for length of chain required
- **360° safety hook**
Self-latching swivel type
- **6.5m plug-in pendant control**
2 button plus emergency stop
- **5m power lead with commercial type 3-pin plug**
- **Limited motor draw on amperage**
Rectified brush type limits current draw to 4A.
This enables hoist to operate from a standard 13A ring main
